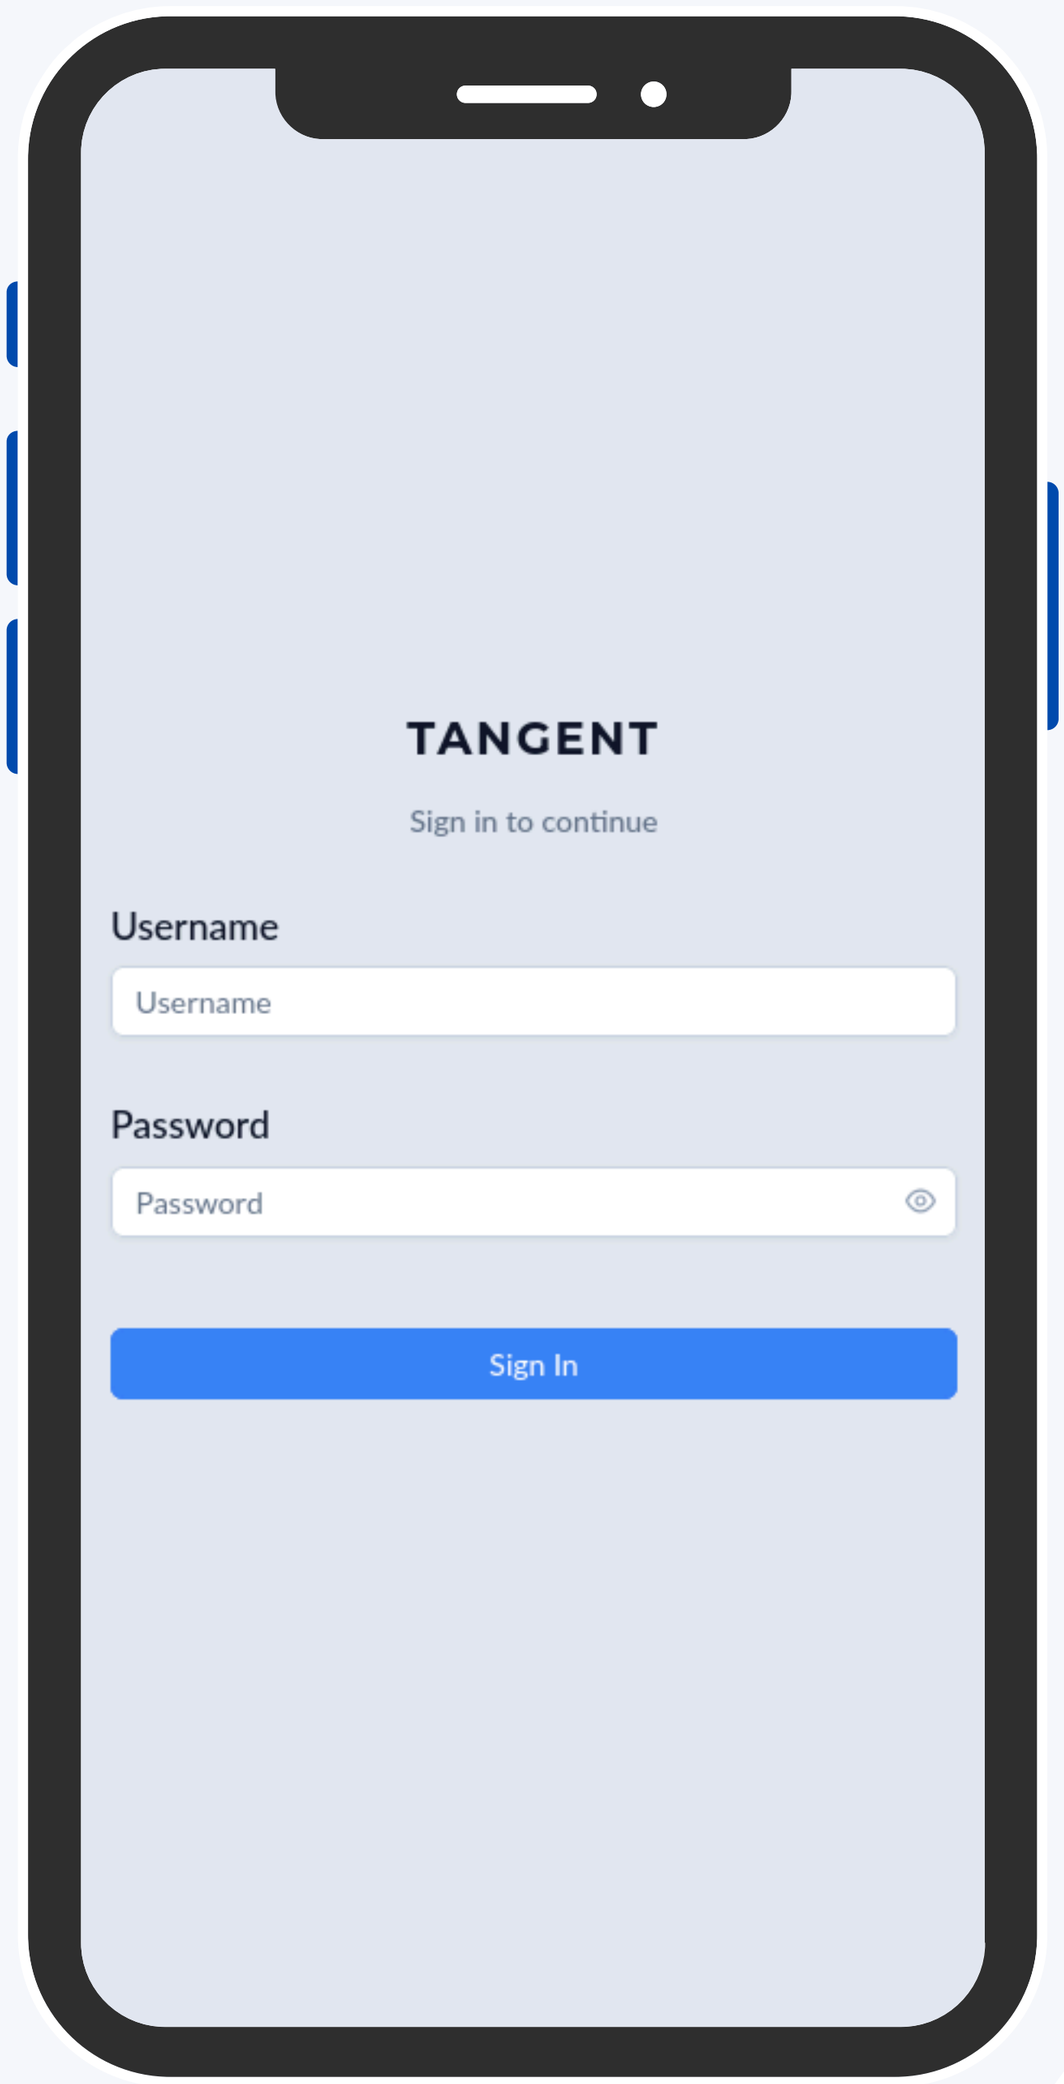
# TANGENT

## Smart Student management System for Schools



01 Simplifying Administration

02 Empowering Teachers

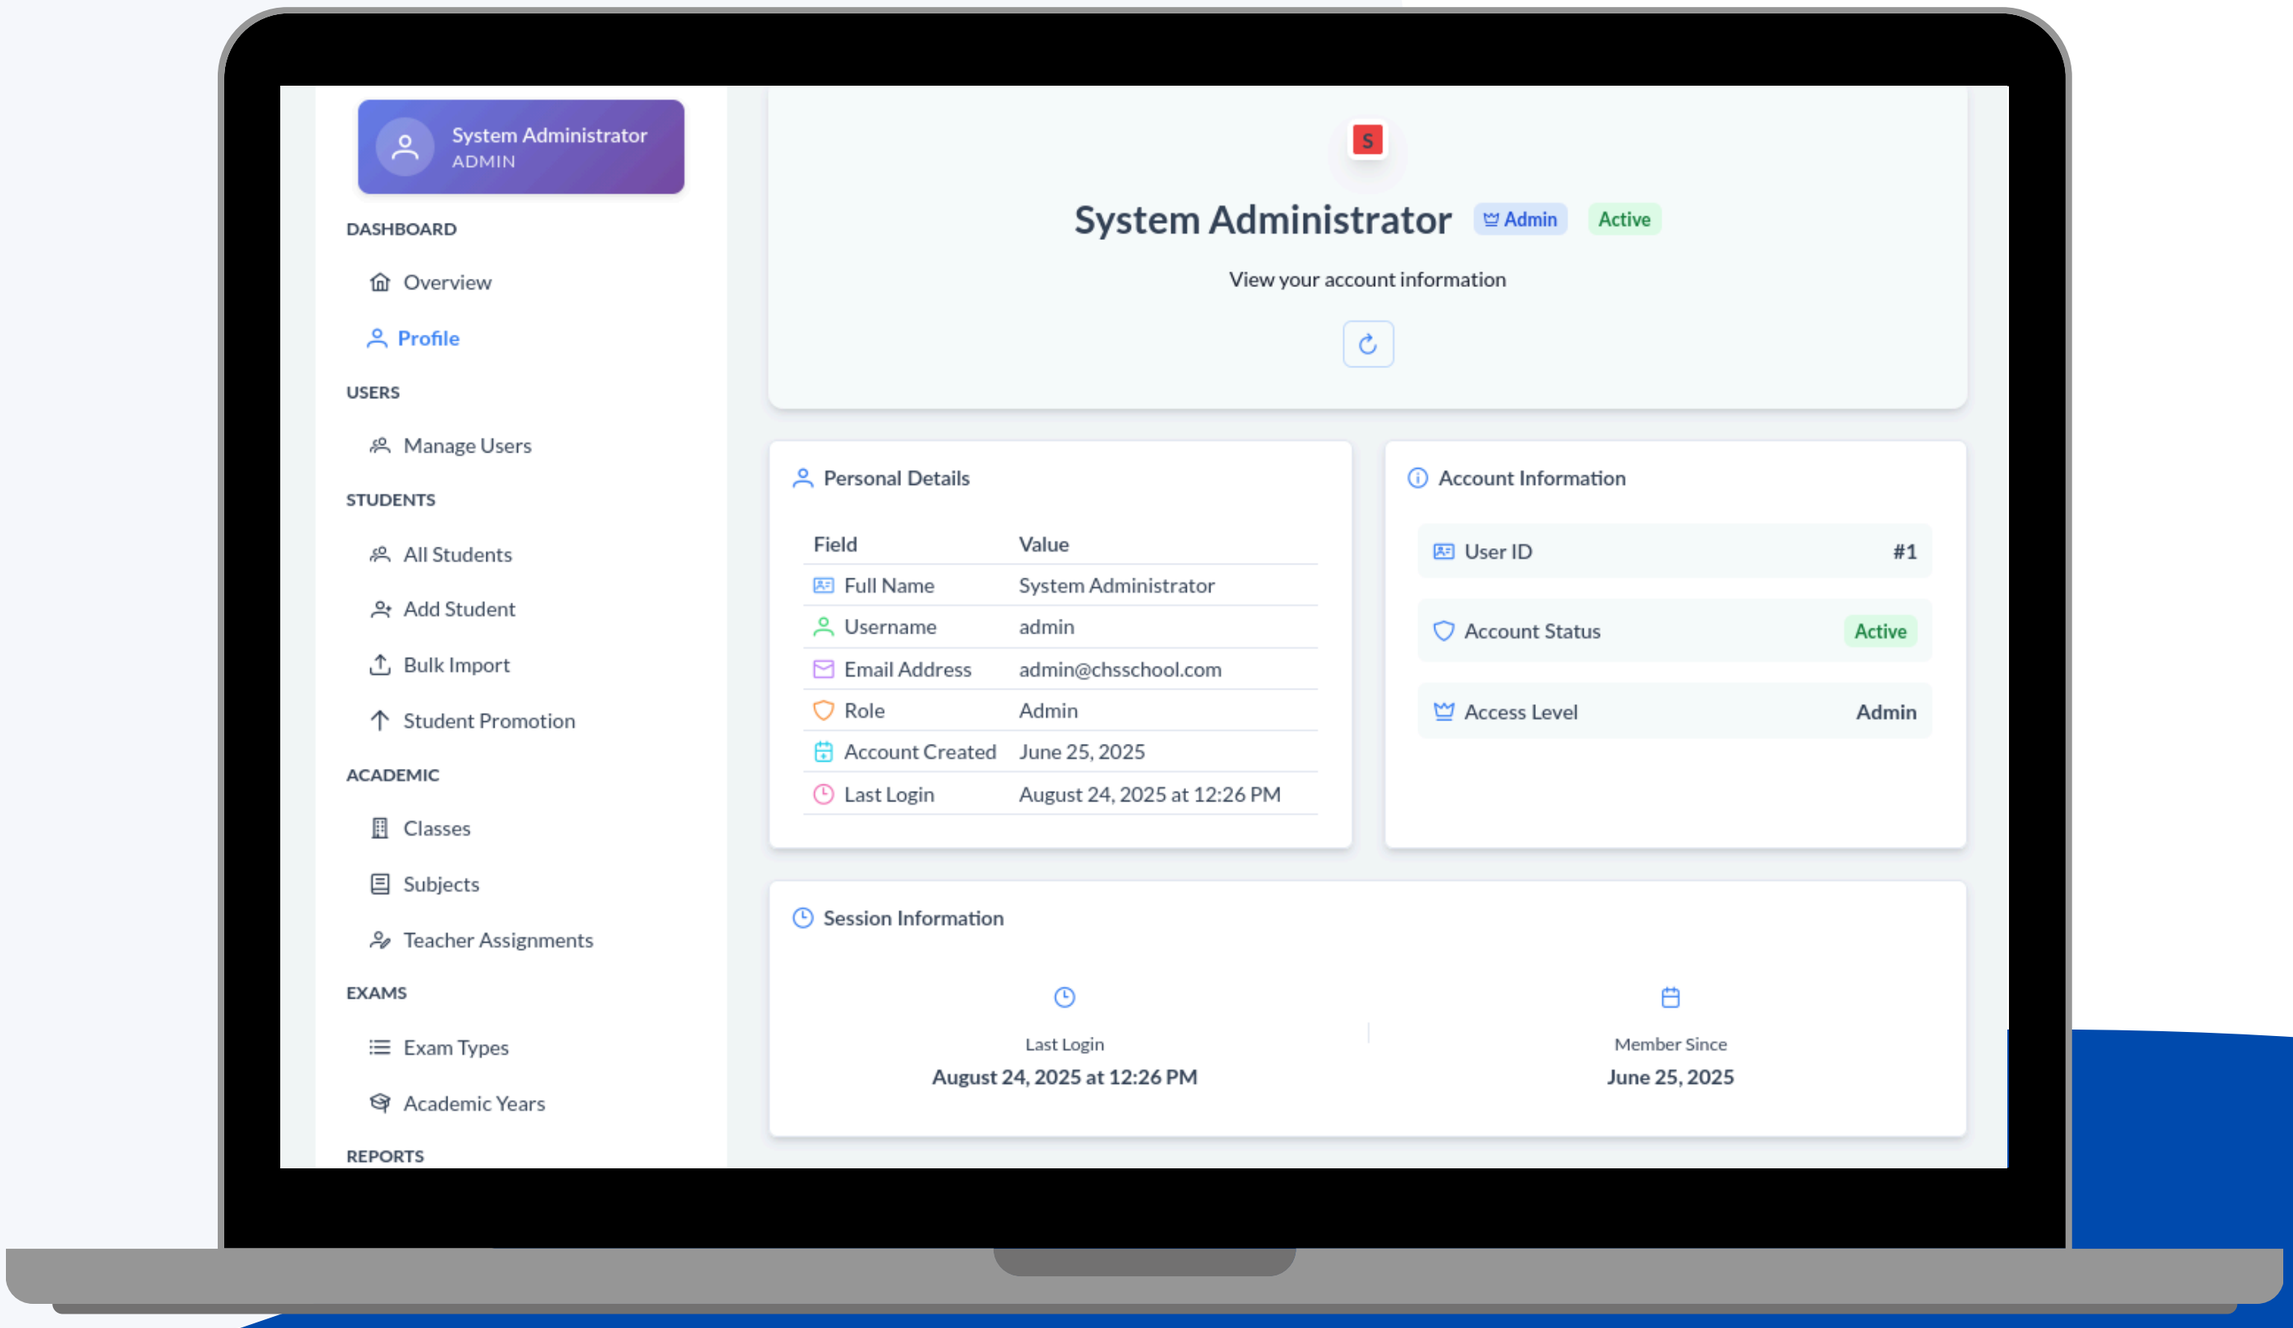
03 Engaging Parents

# The Problem Schools Face

Running a modern school is complex. Administrators, teachers, parents, and students all depend on accurate and timely information. Yet many schools struggle with:

- 📄 Manual record-keeping that consumes time.
- ❌ Errors in student reports & exam marks.
- 📉 Difficulty tracking fees, attendance, and performance.
- 📬 Limited communication channels with parents.
- ⏳ Wasted hours on repetitive admin tasks instead of focusing on teaching.

The result: inefficiency, stress, and missed opportunities for growth.



# The Solution - TANGENT

TANGENT School Management System is a complete digital platform designed for schools. It helps administrators, teachers, and parents stay connected and organized.

- ✅ All-in-one platform for students, grades, exams, and reports.
- ✅ User-friendly for teachers and staff with minimal training.
- ✅ Cloud-based – access anytime, anywhere.
- ✅ Secure & reliable with modern data protection.

With TANGENT, your school runs smarter, faster, and more efficiently.
